All our hardware is designed and manufactured with the utmost respect for premium quality and durability. With an ample selection of flag poles and accessories, you'll be sure to find hardware to fit your needs.

Our flag poles are made from either light-weight but durable aluminum or heavy-duty steel, and offer lasting support for continuous flying of your flags. We offer a large variety of flag poles and accessories ranging from commercial, residential, indoor, and ceremonial poles, to fly and display your flags proudly.

Wall Hanging Poles

SPINNING STABILIZER SET

Our 2 section Aluminum Spinning Stabilizer poles are 6ft in length with a 1 inch diameter, and a gold ball top. These poles were recently upgraded from our previous model for strength and durability. They now include a mid-section ball joint so that the pole spins freely, and the flag never tangles.

DISPLAY YOUR FLAGS PROUDLY

Our residential pole is perfect for displaying your flags outside your home, school, or business. The pole is made of heavy-duty yet lightweight material and is constructed with 5 tubing sections that wedge together for a smooth and seamless appearance. Pole includes a gold ball top, cast-aluminum truck pulley, solid braided polypropylene rope with 2 strong flap snaps, rope cleat with mounting screws, and pvc ground sleeve for protection.

Super & Windless Banner Poles

16ft Super Pole

Our 5 piece Aluminum Super Flag Pole is 16ft tall, and breaks down to 5 interlocking pieces for easy assembling and storage. Pole interior is reinforced for extra strength against high winds. Top is slight-curved to fit an Advertising Super flag, and features a free-flying edge.

16ft Windless Banner Pole

Our 5 piece Aluminum Windless Banner Pole is 16ft tall, and breaks down to 5 interlocking pieces for easy assembling and storage. Pole interior is reinforced for extra strength against high winds. Top is fully curved to fit an Advertising Windless Banner flag, and features intact setting of the flag.

16ft Advertising Convertible Pole

Our 4 piece Advertising Convertible Pole is 15ft at its full height, and breaks down to 4 interlocking pieces for easy assembling and storage. The top 2 sections are made of flexible fiberglass, allowing the pole to convert its shape to fit an Advertising Super or Windless Banner flag, or any straight sleeved flag. The bottom two parts are made of Aluminum for stability.
